SUMMARY

To take up a challenging position in the processing technology area that will. Utilize my acquired skills and knowledge

SKILLS

- HTML & CSS
- python programming
- Excel
- Tools (VS code, GitHub, figma , canva)
- MYSQL

LANGUAGE

- TAMIL W/R/S
- ENGLISH W/R/S

EDUCATION

- SSLC**
Govt Hr Secondary School
68%
- DIPLOMA**
KonguNadu College Of Polytechnic
85%
- B.TECH INFORMATION TECHNOLOGY**
Sri Ramakrishna Institute Of Technology
7 - CGPA

CERTIFICATES

COURSERA

UI & UX Design Specialization in Coursera at 2023

INFOSYS SPRINGBOARD

python Foundation certificate on Aug at 2024

PROJECT

Stock Price prediction

- Utilized LSTM networks for accurate forecasting.
- Overcame challenges in data preprocessing, feature engineering, and model optimization.
- Improved prediction accuracy through time-series analysis.
